## 1.1 Introduction

### **London College of Music Examinations (LCME)**

External examinations have been awarded by the London College of Music since the institution's founding in 1887. Today, examinations are held throughout the United Kingdom, Republic of Ireland and at many overseas centres; they are unique in the graded examinations sector in being awarded by a university, ensuring the added quality assurance of the University of West London (UWL), who is the issuer of certificates. Graded and diploma exams in most subjects are regulated by Ofqual, and other UK regulators. Candidates applying to UK universities through the UCAS system are eligible to claim UCAS points if they achieve a Pass or higher at grades 6 to 8 in a regulated subject.

### **What makes LCME distinctive**

LCM's graded and diploma qualifications make a distinctive contribution to education in music, drama and communication, because of the emphasis placed upon:

- creative thinking
- an encouragement to think technically and critically about the repertoire performed, and the opportunity to communicate this in practical examinations
- a distinctively broad stylistic range of tasks and repertoire, with a strong emphasis towards the acquisition and demonstration of skills and understandings that are of contemporary relevance to the performing arts
- the provision of assessment in areas not traditionally included within the scope of graded examinations
- the provision of flexible examination formats and arrangements

### **Syllabus objectives**

A course of study based on this syllabus is intended to provide:

- a balanced combination of performing skills, supported by knowledge and understanding
- an enduring love, enjoyment and understanding of the performing arts, from the perspective of both participants and audience
- the basis to develop relevant and usable skills and concepts
- skills in organisation, planning, problem solving and communication
- enhanced ability in acquiring the personal disciplines and motivation necessary for lifelong learning
- opportunities for mastery learning that are structured and directly related to the repertoire published for each grade
- opportunities for learning and assessment that are creatively challenging
- a progressive and unified assessment system, enabling candidates to plan and obtain an effective education in the arts, equipping candidates with added value to enhance career routes, educational opportunities and decision-making

## 1.2 Syllabus validity

This syllabus is valid for Steps, Grades, Recital Grades and Leisure Play in drum kit from January 2022 until further notice. The previous syllabus and repertoire list will remain valid until the end of the Winter 2022 exam session.

## 1.3 Changes to the syllabus

This syllabus replaces the *LCM Music Grade Syllabus (2012)* and *LCM Drum Kit Repertoire List ((2017-2021)*. Major changes to the syllabus consist of:

- new repertoire
- revised technical work
- revised topics for the discussion component

## 1.4 Exam options

## 1.5 Exam entry

### Exam dates, locations and fees

Details of exam dates, locations, fees and how to book an exam are available on our website:

[lcme.uwl.ac.uk](http://lcme.uwl.ac.uk)

### Age groups and requirements for prior learning

LCM exams are open to all and there are no minimum age restrictions, however it is unlikely that candidates below the age of 12 will possess the musical maturity for success at grades 6 to 8. There are no prerequisite qualifications required for entering any step or graded exam; candidates can enter at any level provided they have the required knowledge, skills and understanding.

### Reasonable adjustments and special considerations

Information on assessment, examination and entry requirements for candidates with specific needs is published in the Equality of Opportunity, Reasonable Adjustment and Special Consideration policy available on our website.

## 1.6 Exam durations

10 mins	15 mins	15 mins	15 mins	20 mins	20 mins	25 mins	25 mins	30 mins

## 1.7 Assessment and results

### Marking

#### How marks are awarded

Qualifications are awarded by the University of West London (UWL). Exams are conducted by trained external examiners and are held at approved centres in the UK and overseas. Candidates will be assessed on their technical accomplishment, musicality, musical knowledge and communication. In awarding marks, examiners will take into account the extent to which each of these assessment domains is demonstrated within the individual exam components; the assessment criteria used by the examiners for graded examinations is given in Section 7: Assessment. A Pass in each individual exam component is not required to Pass overall.

### Issue of results

A written report will be compiled for each examination. Candidates will be informed of the result of examinations as soon as possible. Results are available online within days and will be sent by post not later than four weeks after the examination date. Certificates for successful candidates are normally dispatched within eight weeks of the date of the examination, but very often they will be received sooner than this. This time is necessary to ensure that all results are properly standardised and have been checked by LCME.

## **Enquiries, complaints and appeals**

Information on how to make an enquiry, complaint or appeal is published in the Enquiries and Appeals Policy and the Complaints Procedure documents available on our website.

## **1.8 Exam regulations**

Full details of all general exam regulations are published in the Regulations and Information document available on our website.

## **1.9 Performance guidelines**

A considerable and ever-expanding range of instruments is available on the market. Guidelines relating to the specifications of those which are acceptable, and their use in examinations, are as follows:

### **Equipment**

- Candidates will be expected to provide their own drum kit, unless arrangements are made in advance with the centre representative to use equipment at the venue. It is the responsibility of the candidate to ensure that instruments required for all items are available.
- Time will be allowed at the beginning of the examination to adjust the kit, but this should not exceed 3 minutes. The kit itself should be set up well in advance of the examination start time, and dismantled later.
- A five-piece drum kit is required for all steps and grades. A single crash/ride cymbal (in addition to hi-hats) may be used for grades 1 and 2. A separate crash cymbal is required for grade 3 and above. Whilst it is preferred that acoustic drum kits are used in the exam, electric drum kits may be used. It is the candidate's responsibility to ensure the sound quality is appropriate and that the instrument can perform all the required effects of the pieces.
- Candidates using inappropriate or damaged sticks may be prevented from taking the examination.
- Candidates should bring their own sticks and music to the exam.
- If, in the opinion of the examiner, a candidate's choice of sticks or technique demonstrates a potential to damage instruments, and/or if the dynamic level of the performance combined with the acoustics of the examination venue constitutes a health and safety hazard, the examinations can be terminated.
- Centre representatives should note that a CD player is required for the administration of the aural tests at grades 6–8. In some circumstances a CD player will also be required for lower grades.

### **Performance guidelines**

- All pieces must be performed as published in the handbook, i.e. accompanied pieces may not be performed solo, and solo pieces may not be performed with accompaniment.
- It is expected that rests are silent.
- Crushed rolls may be used in all pieces. A high standard of rolling is not expected at grades 1–3.
- Candidates are to be mindful of the acoustics of the room. Excessive and dangerous volume levels may result in the exam's termination.

## **Accompanied pieces**

- All backing tracks for accompanied pieces are available free of charge from the LCME website.
- Accompanied pieces may be played into headphones but a separate monitor must be used for the examiner to hear the track. It is the candidate's responsibility to ensure the balance is appropriate and to provide the necessary playback equipment in coordination with the exam centre representative.
- Accompanied pieces must be played with either the solo track or track with click in the exam. They may not be played along to the full mix demo track. Credit will be given for using the solo track.
- The speed of the accompanied pieces must not be altered from the written tempo.

## **Page turning**

Candidates are expected to turn their own pages. Whilst the use of photocopied music is not permitted in the examination, candidates may photocopy a page of a work for ease of performance due to a difficult page turn.

## **Repeats**

All pieces should be played in full including repeats and DC/DS instructions.

## **Metronomes**

Metronomes/clicks may not be used for the performance of the solo pieces.

### Exam components

**Component 1: Performance**

Candidates perform four pieces taken from the relevant handbook, which offer a varied and balanced programme of music. One piece must be an accompanied piece. Where a study is listed for the equivalent grade, this may not be included in the programme.

## Component 2: Performance, Sight Reading or Discussion

Option 1: Performance of an additional piece (requirements as for Component 1)

Option 2: Sight Reading

Option 3: Discussion

### Regulation

Recital Grades are regulated by Ofqual and attract UCAS points in the same way as our graded examinations.

## 2.4 Leisure Play

Candidates perform four pieces which offer a varied and balanced programme of music. At least three of the pieces are to be selected from the handbook for the equivalent grade; at least one of these must be an accompanied piece. The fourth piece is the candidate's own choice; this does not have to be selected from the handbook and it may be an original or own composition. There is no requirement for own choice pieces to be pre-approved. Candidates should be aware that if the standard of an own choice piece is significantly easier than that of the equivalent grade, this may be reflected in the marking.

### Component weightings

Performance 1	Performance 2	Performance 3	Performance 4
25%	25%	25%	25%

### Regulation

Leisure Play exams are regulated by Ofqual and attract UCAS points in the same way as our standard examinations.

## 3.1 Introductory examinations

### Steps 1 and 2

The material selected for these grades is of an elementary nature. Time signatures will be simple, with the quaver generally being the shortest note. Only the most common key signatures will be used, with occasional accidentals.

## 3.2 Graded examinations

### Grades 1 and 2

The musical material selected for these grades is of an essentially elementary nature. Only the most basic, and hence most common, time signatures and keys are used. Melodic and rhythmic material is simple. Indications of dynamics, phrasing and ornamentation will occur only sporadically in the music, and will be limited to the most basic types. The repertoire of Rudiments in Component 1 is limited to the least demanding examples. Technical accomplishment is a more important element of assessment than is musicality, and expectations of communication are limited.

### Grades 3 and 4

The musical material selected for these grades is of a more demanding nature. The number of keys and time signatures which may be used is increased. Melodic and rhythmic material is more complex. Indications of dynamics, articulation, phrasing and ornamentation will be a more regular feature of the music, and a wider variety of type will be used. The repertoire of Rudiments in Component 1 is expanded in number, and includes more taxing examples. Musicality is an increasingly important element of assessment in relation to technical accomplishment, and expectations of communication are higher.

### Grade 5

The musical material selected for grade 5 is of a significantly more demanding nature than for previous grades; it is the first grade where one might expect to encounter repertoire which might conceivably be performed at a professional recital. The number of keys and time signatures which may be used extends to all but the most unusual and unlikely examples. Melodic and rhythmic material may include a moderate degree of complexity. Dynamics, articulation, phrasing and ornamentation will be varied and will often demand a degree of subtlety in performance. The repertoire of Rudiments in Component 1 is expanded in number to include more taxing examples. Musicality is judged to be an important element of assessment, and expectations of communication are higher.

### Grades 6 and 7

The musical material selected for these grades may be described as being at the technically less demanding end of the continuum of professional repertoire. The number of keys and time signatures which may be used extends to the full range of possibilities. Melodic and rhythmic material may include a significant

degree of complexity. The music will include passages where dynamics, articulation, phrasing and ornamentation demand considerable dexterity and flexibility. The repertoire of Rudiments in Component 1 is expanded in number to include a large number of types; in addition, candidates may be asked to perform them with varying dynamics and articulations. Musicality is judged to be almost as important as technical accomplishment in the assessment, and the candidate is expected to communicate with an emerging sense of musical personality.

## **Grade 8**

The musical material selected for this grade may be described as being technically some way inside the continuum of professional repertoire. The number of keys and time signatures which may be used extends to the full range of possibilities; furthermore, pieces may include variations and changes of key and metre. Melodic and rhythmic material will include a significant degree of complexity. The demands of dynamics, articulation, phrasing and ornamentation will be consistent and considerable. The repertoire of Rudiments in Component 1 is expanded in number to comprise an extremely wide range of type, requiring different playing styles and exploiting the full range of the instrument. Musicality is judged to be almost as important as technical accomplishment in the assessment, and the candidate is expected to communicate with an emerging or clear sense of musical personality.

7 marks

Candidates will be engaged in a short discussion with the examiner. For exam requirements see page 25.

## Component 4: Sight Reading

10 marks

Candidates will perform a short, previously unseen piece of music. Up to one minute's preparation time will be allowed to study the test before playing, during which the candidate may try parts of the test.

## Component 5: Aural Tests

8 marks

Candidates will be asked to complete a series of aural tests. For exam requirements see page 3. Examples of specimen tests can be found in the exam handbooks and supporting audio material is available to download from the LCME website.

## 5.1 Information

The knowledge required for the Discussion is cumulative; any knowledge required in earlier grades is required for later grades. There is no set form of words, or number of questions; examiners are encouraged to conduct the tests in a flexible and conversational manner. Candidates are not expected to demonstrate on their instrument but they may choose to do so if they feel that this would clarify their answer. Although accuracy and appropriateness of response are the principal criteria of assessment, examiners will also look for articulacy, use of correct terminology and a sense of engagement with, and understanding of, the music performed.

## 5.2 Requirements

### Grade 1

This component of the exam consists of a short discussion with the examiner. The drum kit may be used to demonstrate where necessary. Candidates should be able to:

- name and explain the meaning of all basic notational elements in the music performed in the Performance component of the exam (drum kit parts only), including: staff, bars and barlines, stave position of different kit components, rhythmic values of notes and rests, time signatures, dynamics, articulation markings, ornaments, and any additional markings
- explain which is their favourite piece and why
- assign simple descriptive words to pieces to describe the mood of the pieces ('happy', 'sad', 'bouncy', 'jazzy', 'gentle', etc.)
- identify all the names of the drums in the kit
- explain the origin of the name of the snare drum and the name of its components

### Grade 2

This component of the exam consists of a short discussion with the examiner. The drum kit may be used to demonstrate where necessary. In addition to the requirements for grade 1, candidates should be able to:

- name and explain the meaning of all basic notational elements in the music performed in the Performance component of the exam (drum kit parts only), including: rhythmic values of notes and rests (including dotted notes) and rolls
- explain the meaning of  $\frac{6}{8}$  time and how the feel of music is different in this time signature
- explain the function and use of the various components of the drum kit

### Grade 3

This component of the exam consists of a short discussion with the examiner. The drum kit may be used to demonstrate where necessary. In addition to requirements for previous grades, candidates should be able to:

- describe the mood or character of pieces using appropriate descriptive terminology ('fast and lively', 'gentle and flowing', 'like a dance', etc.)
- describe the style of their favourite piece and give a little history of that style
- identify contrasts of mood within pieces

- explain how the hi-hat stand works mentioning any important components
- demonstrate knowledge of at least three different makers of drum and percussion equipment

## Grade 4

This component of the exam consists of a short discussion with the examiner. The drum kit may be used to demonstrate where necessary. In addition to requirements for previous grades, candidates should be able to:

- discuss their approaches to learning the pieces, and to identify any particular difficulties (musical or technical) which were encountered
- explain why a fill-in is an important feature of an accompanied piece
- explain how they would replace a drum head and why, and when this might need to be done
- demonstrate some knowledge of the following rhythmic styles: march, Latin, shuffle, rock and swing

## Grade 5

This component of the exam consists of a short discussion with the examiner. The Drum kit may be used to demonstrate where necessary. In addition to requirements for previous grades, candidates should be able to:

- demonstrate knowledge of basic formal structures (e.g. contrasting or repeated sections)
- describe the style of the music performed, and show a developing understanding of rhythmic styles, including disco and reggae
- give an appropriate musical term for the tempo of each of their pieces — if only a term is shown, an appropriate metronome mark instead
- explain the use of a metronome — where and why might it be used?
- describe the difference between ‘matched grip’ and ‘traditional grip’ — explain the history behind them and where a percussionist might swap between the two

## Grade 6

This component of the exam consists of a short discussion with the examiner. The Drum kit may be used to demonstrate where necessary. In addition to requirements for previous grades, candidates should be able to:

- discuss their personal responses to the music performed: the extent to which they like or dislike it, or find it challenging or rewarding, and why
- explain their approaches to learning the music, including the use of certain techniques and aspects of interpretation
- demonstrate knowledge of formal structures (e.g. ternary, binary, rondo etc.), and of formal patterning within the music (e.g. repetition or variation of certain rhythmic figures)
- demonstrate a self-critical awareness of their own performance, indicating to the examiner which aspects of their performance they were happy or unhappy with, and why
- explain the use and need for a click track in music performance and how it differs from playing an accompanied piece
- give some detail of how rock drumming differs from jazz drumming and which techniques might be employed in each scenario
- demonstrate knowledge and understanding of how they could go about enhancing the drum kit — which additional instruments might they add, or changes might they make as they progress in their playing?

## **Grade 7**

This component of the exam consists of a short discussion with the examiner. The drum kit may be used to demonstrate where necessary. In addition to requirements for previous grades, candidates should be able to:

- explain how they might approach performing drum music in a complex time signature: what hurdles might they need to overcome, for example identifying the shape of the rhythm patterns — give some examples of famous artists or songs that use complex time signatures
- identify any recorded songs that show similarity or possible influence to the pieces that they have performed in the exam, giving clear detail in their explanations
- identify the style of a fundamental rhythm pointed out in the book by the examiner
- demonstrate a thorough knowledge of the workings and maintenance of the drum kit and the effect of different pieces of equipment available, e.g. fusion kit, effects cymbals etc.
- identify a technique that they have had to develop in their playing to achieve success in their performance of the exam pieces — this could be bass drum speed, bounced strokes, linear playing, overriding etc.

## **Grade 8**

This component of the exam consists of a short discussion with the examiner. The drum kit may be used to demonstrate where necessary. In addition to requirements for previous grades, candidates should be able to:

- demonstrate knowledge of other music in the same styles as the music performed
- discuss with the examiner a range of issues arising from the music performed, demonstrating evidence of a rounded musical awareness, in terms both of the repertoire itself, and their response to it as a performer
- discuss with the examiner those styles and performers which have been influential in the development of their own playing
- give information of the history and development of the drum kit
- demonstrate a comprehensive knowledge of recognised musical styles that have developed through the drum kit's history
- describe an advanced playing technique that they have come across and are developing, for example linear playing, overriding or heel-toe bass drum playing

## 7.1 Assessment domains

### Assessment objectives

Candidates will be assessed on their ability to demonstrate mastery of the following:

## 7.2 How marks are awarded

The guidelines below are not intended to be mutually exclusive, but should function interrelatedly. Thus for any particular attainment band, one or more criteria might exceed those specified, while one or more others might fail to meet the requirements. The specific criteria for each component of the examination are as follows.

### Technical Work

The examiner will consider the performance of the requested Rudiments, and/or other tasks as detailed in the requirements, and will award a mark, taking into account the following:

	Technical accomplishment	Musicality	Musical knowledge
<b>Distinction</b> 85–100%	<ul style="list-style-type: none"> <li>Consistently accurate and fluent response</li> <li>Within the prescribed tempo range</li> <li>Even rhythm and articulation and defined coordination</li> </ul>	<ul style="list-style-type: none"> <li>Musically shaped</li> </ul>	<ul style="list-style-type: none"> <li>Secure knowledge of rhythmic content of specified exercises</li> </ul>
<b>Merit</b> 75–84%	<ul style="list-style-type: none"> <li>Mostly accurate with occasional lapses</li> <li>Within the prescribed tempo range</li> <li>Moderate consistency of rhythm and articulation with mostly good coordination</li> </ul>	<ul style="list-style-type: none"> <li>Evidence of musical shape and phrasing</li> </ul>	<ul style="list-style-type: none"> <li>Mostly secure knowledge of rhythmic content of specified exercises</li> </ul>
<b>Pass</b> 65–74%	<ul style="list-style-type: none"> <li>Reasonable level of accuracy</li> <li>Some inconsistency of continuity produced by errors and/or restarts</li> <li>Choice of tempo could be more appropriate and/or consistent</li> <li>Some evidence of even rhythm, articulation and coordination</li> </ul>	<ul style="list-style-type: none"> <li>Some evidence of musical shape and phrasing</li> </ul>	<ul style="list-style-type: none"> <li>Evidence of knowledge of rhythmic content of specified exercises</li> </ul>

<b>Below Pass</b> 0–54%	<ul style="list-style-type: none"> <li>Many restarts and errors</li> <li>Variable and/or inappropriate tempo</li> <li>Rhythm and/or articulation/coordination are not of a satisfactory standard</li> </ul>	<ul style="list-style-type: none"> <li>Little or no evidence of musical shape or phrasing</li> </ul>	<ul style="list-style-type: none"> <li>Little or no evidence of knowledge of rhythmic content of specified exercises</li> </ul>

## Performance

The examiner will consider the performance of each of the pieces separately, and will award a mark for each piece. These marks will be combined to produce the mark for Performance, with equal weighting. In awarding the marks, the examiner will take into account the following:

	Technical accomplishment	Musicality	Musical knowledge	Communication
<b>Distinction</b> 85–100%	<ul style="list-style-type: none"> <li>• High level of technical accomplishment, demonstrating accuracy and fluency</li> <li>• Well-developed and secure tone, timbre, articulation and defined coordination</li> </ul>	<ul style="list-style-type: none"> <li>• Mature sense of musical style and an ability to take charge of expressive elements</li> <li>• Confident and assured performance</li> </ul>	<ul style="list-style-type: none"> <li>• Secure understanding of musical notation</li> </ul>	<ul style="list-style-type: none"> <li>• Sense of individual interpretative skill</li> <li>• Clear ability to engage the listener fully</li> </ul>
<b>Merit</b> 75–84%	<ul style="list-style-type: none"> <li>• Ability to cope well with the technical demands of the music</li> <li>• Good standard of tone, timbre, articulation and coordination</li> </ul>	<ul style="list-style-type: none"> <li>• Evidence of musical shape and phrasing</li> <li>• Confident performance</li> </ul>	<ul style="list-style-type: none"> <li>• Secure understanding of musical notation should be evident</li> </ul>	<ul style="list-style-type: none"> <li>• Some sense of individual interpretative skill</li> <li>• Ability to engage the listener</li> </ul>

## 7.3 Awards of Pass, Pass with Merit or Pass with Distinction

### **Distinction (85–100%)**

A candidate who achieves a Pass with Distinction will have offered a highly accurate, fluent and musical response in all or most of the components. They will have demonstrated secure technical accomplishment and will have shown evidence of excellent musicality. They will have demonstrated a thorough knowledge and understanding of rudimentary and contextual knowledge in relation to the repertoire performed. They will have communicated, through performance, a sense of real engagement with, and an understanding of, and at grades 6 to 8, a sense of individual personality in relation to, the repertoire.

### **Merit (75–84%)**

A candidate who achieves a Pass with Merit will have offered an accurate, fluent and musical response in all or most of the components. They will have demonstrated a good standard of technical accomplishment and will have shown significant evidence of musicality. They will have demonstrated a largely assured knowledge and understanding of rudimentary and contextual knowledge in relation to the repertoire performed. They will have communicated, through performance, some sense of engagement with, some understanding of, and at grades 6 to 8, an emerging sense of musical personality in relation to, the repertoire.

### **Pass (65–74%)**

A candidate who achieves a Pass will have offered a mostly accurate, fluent and musical response in all or most of the components. They will have demonstrated an acceptable standard of technical accomplishment and will have shown some evidence of musicality. They will have demonstrated some knowledge and understanding of rudimentary and contextual knowledge in relation to the repertoire performed. They will have communicated, through performance, a basic understanding of the repertoire, and ability to engage the listener.

### **Below pass, upper level (55–64%)**

A candidate who achieves a mark in this band will have demonstrated some inaccuracy, lack of fluency, and lack of musicality in all or most of the components. They will not have demonstrated an acceptable standard of technical accomplishment. Their knowledge and understanding of rudimentary and contextual knowledge in relation to the repertoire performed will have been judged to be below the standard required to pass. They will have failed to communicate, through performance, a sufficient degree of understanding of the repertoire, or ability to engage the listener.

### **Below pass, lower level (0–54%)**

A candidate who achieves a mark in this band will have demonstrated significant inaccuracy, lack of fluency, and little or no musicality in all or most of the components. Their standard of technical accomplishment will have been judged as significantly below that required for the grade. Their knowledge and understanding of rudimentary and contextual knowledge in relation to the repertoire performed will have been minimal in relation to the requirements of the grade. They will have failed to communicate, through performance, any discernible understanding of the repertoire, and they will not have succeeded in engaging the listener.
